## Neighborhood Watch at Work!!

### Congratulations to "The Vineyards"

**Sheriff Paxton would like to recognize and congratulate the Vineyards Subdivision Neighborhood Watch and their Liason, Robert Kagann.**

**The Sheriff's Office responded to The Vineyards in the early morning hours of March 19<sup>th</sup> in response to a possible incident of a vehicle having been entered into, and suspicious activity. Several cars had been entered into just a few days earlier and a Neighborhood Alert was sent out to the subdivision by the Sheriff's Office Community Relations Unit about the thefts.**

**On March 19<sup>th</sup> at approximately 1:40am, an alert Neighbor called 911 after seeing his truck dome light on. Several other neighbors then actually saw a suspicious person and also called 911. Several neighbors, gave out updated locations for us to follow that made it easier for the Deputies to stay on the right track**

**Several of the involved neighbors last night stated that they had received the email alert that had been forwarded to them from the liason Robert Kagann.**

**The Citizens of The Vineyards are to be commended for their assistance and vigilance last night!!!! The Sheriff's Office appreciates their efforts.**
